TCC Principles

Related Principles

- **High Schools** - Building and maintaining strong P-20 partnerships is essential for the student pathways to success. The dual enrollment (Early College High Schools) and dual credit partnerships with local ISDs support student transition to college.
- **Student Experience** - A Student-Ready College provides an experience for students that is welcoming, simple to understand, provides a clear pathway, and breaks down barriers. Streamlined processes which are more student-centric ensure that students get through the door and on their desired pathway more quickly.
