Our Mission is to prepare students for the rigorous demands of college and work, and for a range of competitive careers in energy-related fields. In collaboration with Tarrant County College and our industry partners, we seek to close achievement gaps, to improve access to in-demand career pathways and competitive postsecondary programs, and to build a strong pipeline of student talent for a thriving local workforce and economy. Ultimately, our students leave us as skilled candidates for jobs on a ladder of career growth in the energy fields, or as competitive applicants for four-year colleges and postsecondary programs.
