Victory at Last!

Did you know that Afterschool programs can boost academic performance, reduce risky behaviors, promote physical health, and provide a safe, structured environment for the children of working parents. Attending afterschool programs can improve students' academic performance. Helping create a sense of belonging within themselves and other peers, build confidence and improve social skills with others

Our Lights On Afterschool Celebration was held on October 24, 2019. Clayton schools across the city celebrated Lights On with an International theme. The theme for the evening at L. Clifford Davis, is Victory at Last!. Exploring the Caribbean Islands Antigua & Barbuda. The students participated in various activities exploring the Islands. They learned about Antigua & Barbuda through fun facts, creating a traditional mask. learned the representation of the Antigua & Barbuda flag and also drinking some of their tropical drinks. During our reflection time the students all talked and shared what they have learned or enjoyed most about being in the afterschool program.

Pre-K News

Miss Gwen & Miss Michelle

Since it is still the beginning of fall and the weather is becoming crisp and cool our Pre-K class decided to have some fun outside and play with a parachute. They enjoyed it and had so much fun!

Did you know that outdoor play also enables children to enjoy the natural environment and learn to seek out exercise, fresh air, and activity?!

In our Arts and Humanities component of Clayton Quest the Pre-k read a story about uniqueness and learned the different ways that make them unique. They read a story called "Most Marshmallows" and after reading the book they recreated themselves as a marshmallow. They also had fun sneaking in and eating a couple of marshmallows!!
