## Welcome back Clifford Davis After-School Families!

Welcome back to all of our students and families from Clifford Davis Elementary! We missed you all very much. Although we all know this year will be different, the Clayton Youth staff will be here to support you and your child all of the way to be successful. We are all excited for the 2020-21 school year and for all of the amazing and fun different things we will be learning this school year. Remember together we can get through anything!

# Clayton Youth Activity Kits

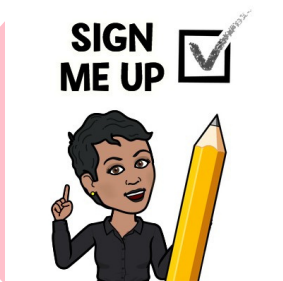

During the summer the Clayton Youth staff were able to create and pass out Activity Kits to many students from different FWISD schools including students at Clifford Davis Elementary. These kits were created so that students could have fun with some educational activities to do at the comfort and safety of their own home. Each kit came with multiple lessons and their own personal materials, the lessons were from Clayton Quests and also different SEL activities the students could do at home with family. This school year the students in Clayton Youth will get to enjoy receiving and having fun with the different Lessons. Clayton quests are academically based enrichment activities that are designed specifically to correspond with each six week unit theme, each theme is chosen using feed back from our principals, parents and children. The kits include activities from Kid Connect, Arts & Humanities, S.T.E.M, Health & Wellness and also community time. We are all so excited that the students get to enjoy and learn from the Activity Kits!
